

Renewal

Virginia Department of Fire Programs State Fire Marshal's Office

Application to renew a Background Clearance Card (BCC)

Application to renew Certification as a Blaster

Pursuant to § 27-97.2 of the Code of Virginia any person, as an individual or as a representative of a company, who applies for a permit to manufacture, store, use, handle or sell explosives or blasting agents, or applies to become certified as a Blaster, is required to undergo a background investigation. The background investigation requires the applicant to submit fingerprints and personal descriptive information on forms provided by the department. In turn, the fingerprints and personal information will be forwarded through the Central Criminal Records Exchange to the Federal Bureau of Investigation for the purpose of obtaining a national criminal history record check on the applicant.

Because the process to renew certification as a Blaster or renewing a Background Clearance Card (BCC) involves a fingerprint card, applications **cannot** be downloaded from an internet site or be obtained as an email attachment. Please call the State Fire Marshal's Office at 804-371-7170 to request an application be mailed to you for renewing your certification as a Blaster or for renewing your BCC.

Once the application is received by the SFMO, please allow 45 days to process the application and fingerprint card. Once submitted, if you have not received a certification card, a BCC, or notification of denial within 45 days of the submittal, you can call 804-371-7170 to inquire on the status of the application.
